

# The True Way Church holds annual Women's Retreat

The True Way Church is having its annual Woman's Retreat. D.I.V.A. stands for Divine Inspiration for a Victorious Attitude. Nashville's own life coach and author, Carol S. Batey, is here to kick off the first night of the retreat. She will be the speaker at The DIVA's dinner, which will take place Friday, September 10 at 7 pm.

Carol has redesigned her life and is willing and ready to help others who would like to do the same. The cost of the Woman's Retreat is only \$25. This retreat will be filled with workshops, workout sessions, and great food, fun and fellowship. All activities will take place at the True Way Church located at 2715 Clarksville Hwy, Nashville Tenn. 37208.

Carol is the author of 'Parents are Lifesavers'

(1996), 'In Due Season: Destiny's Calling Your Soul' (2007), 'Poise for the Runway of Your Life' (2009), and the forthcoming book 'What's Cooking in Your Soul' (Aug 2010). Ms. Batey shows readers how to fulfill their life's destiny and tap into their own internal power of intuition to discover the endless possibilities that lie in wait for them on the runway of their lives. All coached by Ms. Batey have experienced personal and spiritual transformation.

"Wow! Awesome! Moving! Spiritual! Refreshing! Carol Batey has hit all the points in her compelling open discussion about how we can move into our destiny. She has illustrated both the physical and the mental recipe for a life of peace and joy by living in faith, through the 'Word of

God.' She has shared her own personal experiences to vividly bring to life her message to the reader," said Sherrell F. Batey, teacher, inspirational speaker, and theology student.

Batey became a professional model with Elite Lifestyle Model in Atlanta at the age of 51. This is after a failed marriage, raising six children alone, and overcoming fibromyalgia and other physical and mental illnesses.

She has been teaching and coaching at regional workshops for churches and woman's organizations for the last three years and appears on local and internet radio programs. Her best advice comes from her "learned life lessons." Batey's unique practice includes massage therapy, and energy/spiritual work, producing an action plan.
